Why a person decides tick one

- ☐ **Safety** Getting it wrong could harm someone.
- ☐ **Legal ownership** A law or regulation says a person must own it.
- ☐ **Reasonable people disagree** It needs judgement the rules cannot settle.
- ☐ **Trust not yet earned** The system has not yet shown it gets this right.

What each envelope leaves out

Each envelope is missing at least one fact the owner needs. The point of the exercise is that the owner notices and asks for it.

	DECISION	MISSING ON PURPOSE
D1	Is the demand real enough to start?	The client first raised it in April. Win chance: not recorded.
D2	Is the requirement complete enough for staffing?	The skills each role needs. How much knowledge transfer: people and weeks.
D3	Is the person really free?	Their current project runs to late November. Only their manager knows.
D4	Can they be released?	Their manager would release them two weeks early, if asked.
D5	Is the shortfall a real gap?	One person with the skill works on another account. Nobody asked. Release answer: not asked. Rotation: not asked.
D6	What is the response to the gap?	Whether the skill could be grown inside in time. Whether the start date can move.
