your dot

your dot

your dot

One dot each. Markets first.

RULE DIAL

Protecting key people

The only person on an account with a skill.

The draft says: Markets flag them; the backfill has the same skill.

Never move	Move with a same-skill backfill	No special rule
your dot	your dot	your dot

One dot each. Markets first.

RULE DIAL

Costs between countries

Who approves, and who pays.

The draft says: The cost moves to the receiving country. Approval open.

Receiving country	Finance	Both countries	Not allowed
your dot	your dot	your dot	your dot

One dot each. Markets first.

RULE DIAL

The person agrees

Nobody is moved without saying yes.

The draft says: Opt in.

Yes, always

your dot

Yes, except emergencies

your dot

No

your dot

The stuck job: Security lead, level 5 (Client G, new security centre)

Four people could do it. Each is held back by one rule. Bend one rule, and the job is filled. Which one, if any, is worth it?

P07 · Not yet eligible

14 months on the account; senior band needs 24.

Bend this rule? What would it cost, and who decides? _____

P08 · Has not opted in

Has not agreed to move.

Bend this rule? What would it cost, and who decides? _____

P31 · Another country

In London on the UK cost base; the work is in Riyadh.

Bend this rule? What would it cost, and who decides? _____

P32 · Client lock

Their client has asked to keep them.

Bend this rule? What would it cost, and who decides? _____

Our table would bend
